The 9th

One of the best Colt/Allison designs in the U.S., a lover of golf will appreciate the lack of interruptions and interference on the course. Knollwood is "testing not tricky". The presence of wind has a profound effect in the way the key holes play. An eastern wind off the lake toughens holes 1-9-14-16 while a wind from the west changes holes 5, 7, 10 and 16 dramatically. Many of the greens are elevated, all are medium in size and as true as any greens. The course provides many opportunities to reward the daring shot maker. Knollwood's difficulty lies in the length of the par fours, the changing winds and the subtly-breaking fast greens.
